### Exemplary Provider™ Accreditation honors for Motion Medical Technology, LLC

**Spring House, Pennsylvania , June 1, 2007**— Motion Medical Technology, LLC has successfully fulfilled the requirements for receiving the Exemplary Provider™ Certificate of Accreditation from The Compliance Team, Inc.; a **CMS approved** healthcare accrediting body based in Spring House, Pennsylvania. Motion Medical Technology services northern Illinois and Indiana as well as Michigan and Wisconsin and is a specialty provider of post-operative and post injury service to patients and health-care facilities featuring GameReady™ Accelerated Recovery Systems, Elite Seat™ Portable Knee Extension Device, Lantz Medical Hand/Wrist CPM's (Continuous Passive Motion) as well as other CPM's to accommodate knees, shoulders, and elbows.

After learning of his company's exemplary performance during the Compliance Team's recent validation visit, Eric Dahlinger, founder and President, was most pleased. "We consider this a great accomplishment," he exclaimed. "Everyone associated with our company can be justifiably proud of their performance in helping us prepare for this honor," he announced recently at the company's headquarters.

Sandra Canally, RN, the founder and president of the Compliance Team, observed that Motion Medical Technology, LLC is the most recent successful participant in the DME industry's most comprehensive and innovative accreditation program. "Dahlinger and all of his staff have done a terrific job. They are a tremendous example of a safe, honest and caring **Durable Medical Equipment Provider** that is most deserving of this recognition," declared Ms. Canally.

The company was founded in early 2005 by Eric Dahlinger after discussions with his long time friend, Dr. Sandy Kunkel of Indianapolis. Dr. Kunkel had used the products as the Team Physician for the Indiana Pacers and in his clinical practice. They currently provide their unique and proven results on a regular and growing basis for well over 100 orthopaedic surgeons. They also provide the GameReady device to physical therapy clinics and to all local professional teams. Their service to patients is extremely comprehensive and includes courtesy billing to the patients' insurance companies through to picking up the devices at the patient's home or place of business to make it most convenient. They can be reached at (866) 847-6903 or at their website [www.motionmedicalinc.com](http://www.motionmedicalinc.com).

All sites met the Compliance Team's accreditation requirements during recent On-site Evaluations. In addition to putting in place fraud and abuse awareness safeguards, Motion Medical Technology, LLC has implemented patient care improvement plans as part of a rigorous **continuously measured accreditation process**. The program features annual validation visits and requires scoring of 90% or better to achieve accredited status. It also requires that Motion Medical Technology, LLC perform *Patient Outcomes Tracking* that is reviewed quarterly by the Compliance Team.

"We chose Exemplary Provider™ Accreditation because the Compliance Team's validation process was simply the best and most sensible way for us to meet the accreditation requirements of the Medicare Modernization Act. At the same time, we see their accreditation as a quality recognition branding opportunity that highlights our on-going commitment to maintaining the highest levels of patient care excellence," **Dahlinger** concluded.

The Compliance Team introduced its service and product-line specific accreditation program for DMEPOS (durable medical equipment/ prosthetics/ orthotics/ supplies) in 1998. Presently, companies that have earned the rights to display its Exemplary Provider™ Accreditation Certificate and Seal are operating in all 50 states and Puerto Rico. In addition to DMEPOS, the Compliance Team offers programs for Pharmacy; Elder Care; Ocularists; Home Health Agency; Independent and Group Physician Practices; Out Patient Care; and Small/Rural Hospital Services.
